Saint Paul's Strategic Plan 2020-2025

Re-Defining our Community Influence

Aspirations:

At Saint Paul's, we honor members of our school community, past, present, and future, and seek to foster meaningful relationships in order to serve and to lead in the greater Tampa Bay area and beyond. We seek to provide an inclusive environment that honors our traditions and ignites progressive thought.

Strategies:

- Welcome and wholly embrace new students, families, faculty, and staff.
- Actively engage our alumni with authentic connections to our school and our community.
- Solidify partnerships with other non-profitable organizations to provide opportunities for our students to become servant leaders.
- Preserve our Episcopal identity while honoring and celebrating global faiths, spirituality, mindfulness, and meditation.

Re-Envisioning our Portrait of a Graduate

Aspirations:

At Saint Paul's, we seek to cultivate our students' passions and develop enduring connections. We wish to empower students to meet their next challenges with confidence, curiosity and compassion.

Strategies:

- Instill a joyous approach to learning and life through exploration and imaginative play.
- Build courageous students through creating experiences that encourage our students to discover their unique identity as learners, as members of a community, as individuals.
- Promote an adventurous spirit through challenging our students to boldly explore their personal passions and expand their global connections.

Re-Inventing our Economic Model

Aspirations:

At Saint Paul's, we seek to finance our strategic plan while safeguarding the financial viability of the school by supporting the school's leadership, ensuring the success of fundraising efforts and providing for the development of the school's educational environment.

Strategies:

- Identify viable additional revenue opportunities.
- Explore alternative tuition models.
- Use education and communication as a tool to build our annual fund goals.
- Reduce the dependency on outside fundraising.
- Grow our endowment.

Re-Imagining our Learning Environments

Aspirations:

At Saint Paul's, we seek to repurpose and redesign underutilized spaces and resources to optimize our learning. We hope to spark creativity, teamwork, and collaboration in both our students and our teachers with our design.

Strategies:

- Provide the most technologically advanced fabrication, science, and engineering spaces
- Optimize our athletic facilities
- Provide safe play spaces
- Generate alternative revenues
- Enhance campus security
- Promote a "green," environmentally-friendly campus

SAINT PAUL'S
CLEARWATER'S INDEPENDENT SCHOOL

Strategic Long-range Plan 2020 - 2025

Thank you to the Board of Trustees and the Strategic Planning Committee for developing the Strategic Plan for Saint Paul's future.

The plan represents the ideas and vision of the Saint Paul's community.

Belief Statement

We cultivate our students' talents for lives of opportunity. We create unique learning environments, honor our students' passions, and develop enduring connections.

Joyous

We instill a joyful approach to Learning and Life through exploration and imaginative play.

Courageous

We build courageous students through creating experiences that encourage our students to discover their unique identity as learners, as members of a community, and as individuals.

Adventurous

We promote an adventurous spirit through challenging our students to boldly explore their personal passions and expand their global connections.

Mission Statement

To cultivate tomorrow's leaders and innovators in an educational environment that encourages students to discover their unique identities, explore their passions and develop a joyful, inquisitive approach to learning and life.

Vision Statement

We commit to our students so they will act joyously upon their passions and courageously seize adventures and opportunities we cannot foresee.
